OUR PRODUCT WAS RETURNED 3 MILLION TIMES LAST YEAR ALONE.

Last year, over 3 million tax returns were prepared using TurboTax®.

In fact, over the past 6 years more people have used our software to prepare taxes than any other.

Which is easy to understand when you discover how easy TurboTax is to use.

No guessing which forms to use. No number crunching. No wondering what to do next. In short, no hassles.

Just start up TurboTax on your PC or Macintosh® and it guides you through all aspects of tax preparation.

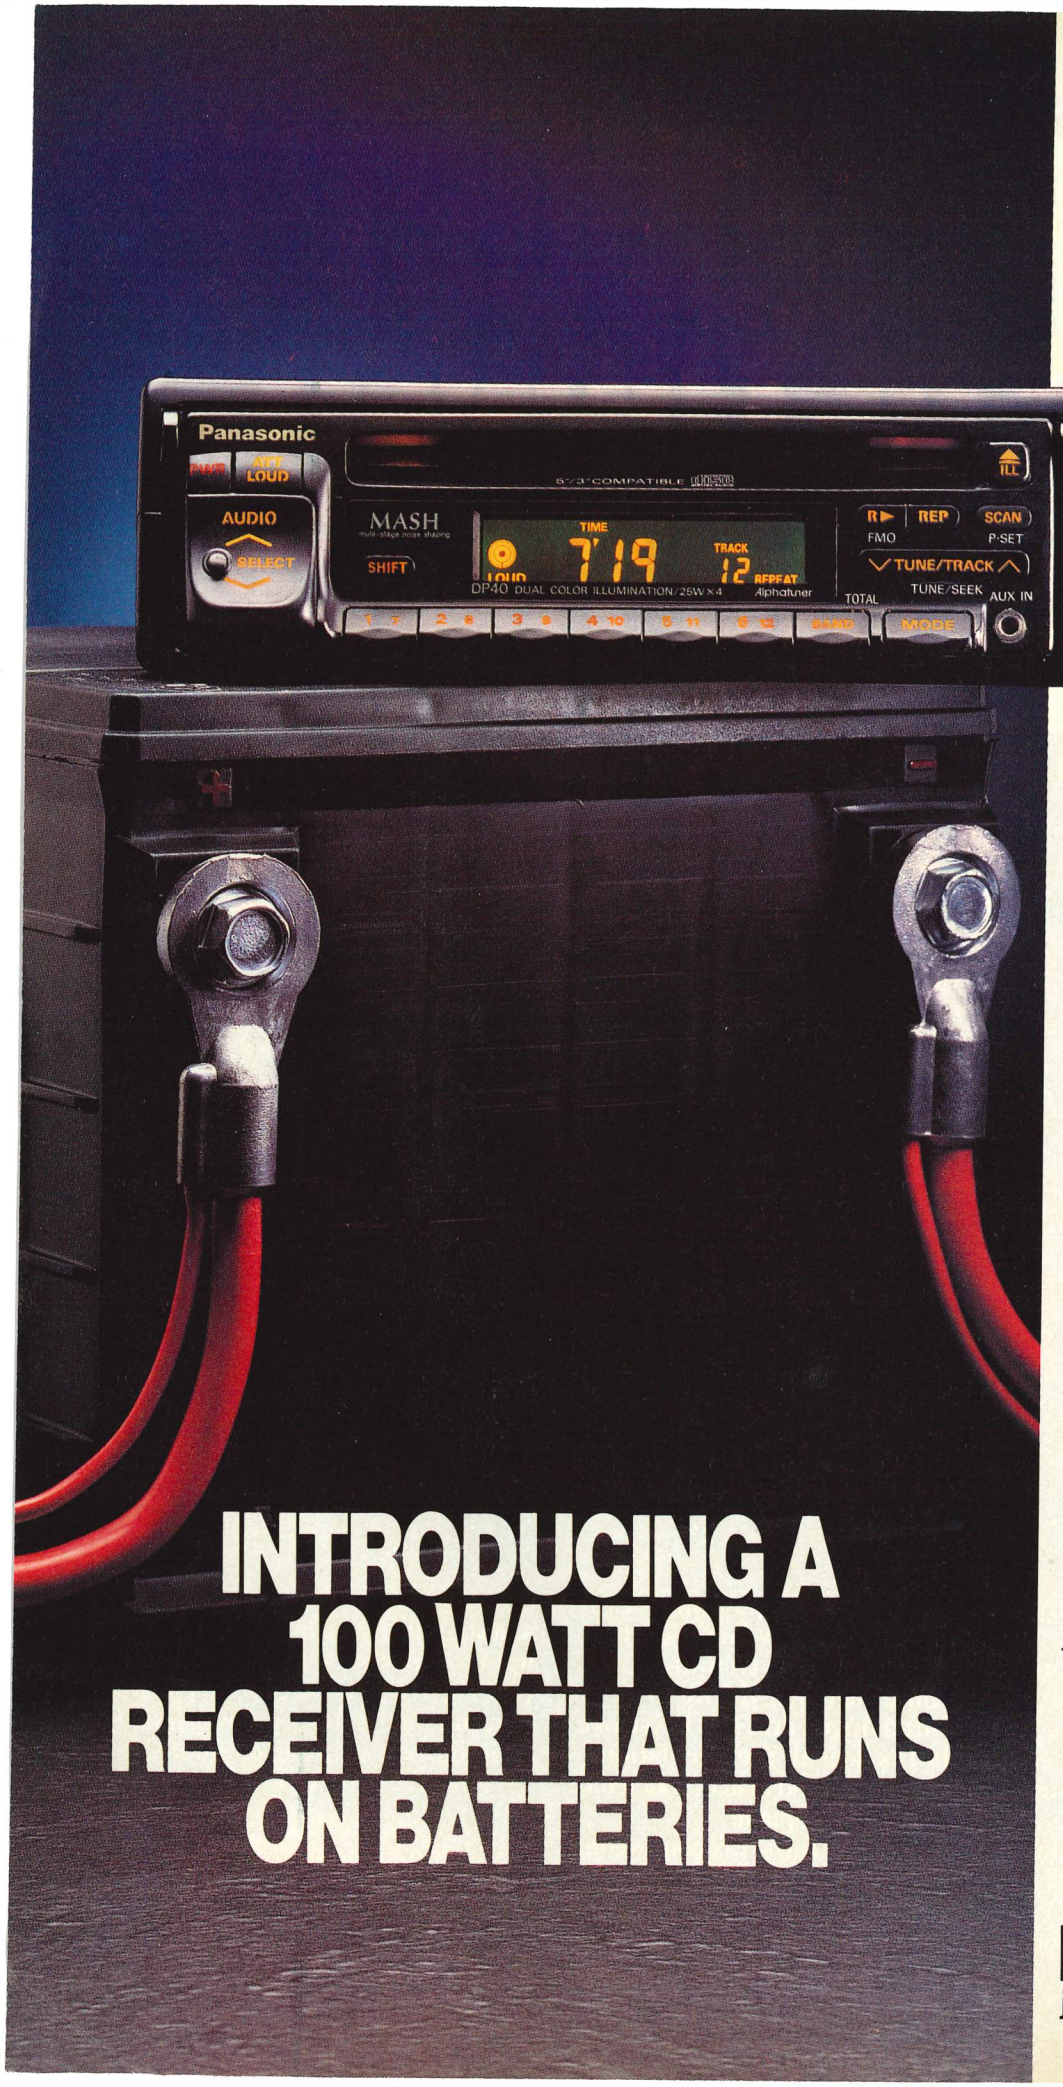
It explains tax terminology. Suggests ways of keeping more of your hard-earned money. Reviews your return for errors. Even warns you if anything might flag the IRS.

Lift a finger, and in a keystroke TurboTax does all the calculations. Then print out and mail in your return right off your computer.

Of course, TurboTax comes complete enough for the more complicated tax returns. More than 60 federal forms, schedules and worksheets are included. And state filing packages are available.

But we can't possibly tell you everything TurboTax can do in one ad, so if you'd like more information, or want to order our software, call us at (800) 827-8829. Or stop by your software store and grab a copy of our award-winning, best-selling tax software.

And then return it.



INTRODUCING A 100 WATT CD RECEIVER THAT RUNS ON BATTERIES.

Panasonic now brings you a car CD receiver so powerful, it'll pin you to the back of your seat. With a full 100 watts of total system power.

It's a top of the line CD receiver that's loaded with more than just power. The CQ-DP40 utilizes MASH*one-bit technology, so that low-level detail comes through with real clarity.

MASH multi-stage noise shaping

Our TOC (table-of-contents) function tells you the total number of tracks and playing time at a touch. And instead of searching through each track to find the one you want, you can head straight for it with our 12-track Direct Access.

The tuner section includes the true convenience of Auto Store, which can find the six strongest stations in a given broadcast area and commit them to memory.

More musical options, such as a portable cassette player or a car CD changer, can easily be added by plugging them into the line level jack. While you still keep the rest of the unit's functions.

And with all the power this removable unit puts out, the Dual Preamp Out gives you the option of adding on even more—without cancelling out the unit's built-in power.

Cars with lots of power have always provided excitement out on the open road. We give you power that'll provide excitement even in bumper-to-bumper traffic.

YOU DON'T HAVE TO CRASH THIS VOLVO TO APPRECIATE ITS BEAUTY.

From the moment you lay eyes on the new Volvo 940, you'll realize it's like no Volvo you've ever seen before.

Its elegant lines instantly place it among the world's most renowned touring sedans. While its interior surrounds you with an abundance of luxuries.

From its infinitely adjustable leather faced seats, to its remarkable climate control system, virtually every conceivable extra comes standard. Providing a level of comfort found in few cars in the world today.

On the open road, the 940 is equally as comfortable. Its finely tuned front and rear suspension coupled with either a turbocharged or 16-valve engine gives the 940 an exceptionally smooth ride.

But that's not to say the 940 forsakes any traditional Volvo values just for the sake of luxury. On the contrary. This car is every bit a Volvo. Tough, durable, and above all, built with your safety in mind.

And that, in the final analysis, is the ultimate beauty of the Volvo 940.
